

6<sup>th</sup> January 2023

Dear Parent/ Carer

**YEAR FOUR: MATHS MORNING – PARENT/ CARER EVENT – TUESDAY 24<sup>TH</sup> JANUARY 2023**

Year Four have been working extremely hard on their maths skills since the start of the school year and would like to showcase these skills to you. We would like to invite parents/ carers in on **Tuesday 24<sup>th</sup> January** to take part in a maths problem solving morning!

We are aware that the children learn lots of different methods and skills now in their maths lessons, and it isn't always easy to visualise how they work when the children explain the methodology out of school.

For this reason, we would like to give you the opportunity to come into school and work alongside your child, solving maths problems, playing games, and getting to know our Year Four curriculum a bit better. It will be a fun morning where you get to experience the children actively solving problems with practical resources and your help!

If you are able to join us, please book a time slot on our school website. Each session will last 30 minutes. This is to ensure that as many parents and children as possible are able to experience time together on the day.

The online booking form can be found on our website under **Digital School Office > Online Bookings > [Year Four Maths Morning 24<sup>th</sup> January 2023](#)**

The online booking form will **close at 10:00am on Friday 20<sup>th</sup> January**.

If you are unable to attend a session on the day, the Year Four team are happy to send home some maths problems from the day to solve at home with your child.

If you have any further questions please do not hesitate to contact the school office.

Yours sincerely,

**Mrs A Archer**  
**Head of Year Four**
