

26<sup>th</sup> May 2023

Dear Parent/ Carer,

**YEAR FOUR: NATIONAL MULTIPLICATION TABLE CHECK**

Last term we sent out information relating to the National Multiplication Table Check for Year Four pupils.

The purpose of the check is to determine whether your child can fluently recall his/ her times tables up to 12, which is essential for future success in mathematics. It will also help us to identify if your child may need additional support.

The original letter can be found [HERE](#) on our website under Letters for Parents. Along with the accompanying government information for parents [HERE](#)

The children will be taking part in the check during the week commencing 12<sup>th</sup> June. Tests will be completed across the afternoons and in small groups. The children have had lots of practise in school to get used to the layout and timings of the check. It would be extremely beneficial for your child to complete their Soundchecks on TimesTable RockStars over the holidays, and complete any extra practice you feel necessary.

If you have any further questions regarding the check, please contact your child's class teacher.

Yours sincerely,

**Mrs Amy Archer**  
**Head of Year Four**
