

9th June 2023

Dear Parent/ Carer,

Year Four: Geography and Science Walk – Eaton Socon and the Riverside Park

On Tuesday 20th and Wednesday 21st June, Year Four will be going on a walk around the local area in relation to our science and geography topics this half term.

In science, we have been learning about habitats, and in geography we are contrasting a UK location with St. Neots.

To further enhance our topics, the walk will consist of going to a meadow area in Eaton Socon where we may find some interesting bugs and their habitats. Next, we will walk to Riverside Park, have a picnic lunch, and then use compasses and maps to become geographical detectives about St. Neots.

As the trip is happening during the school day, a lunch will be provided if your child normally has a school dinner. Please send your child with their packed lunch if they normally have one on this day.

We recommend children come to school in tracksuit bottoms with their Crosshall jumper as normal. The children may also wear trainers on this day.

Two classes will be attending the trip on Tuesday 20th June, and two classes on Wednesday 21st June. Please see below for more information:

Tuesday 20th June	4CH & 4NT
Wednesday 21st June	4AA & 4KW

We will be leaving school by 9:15am, and arriving back before home time.

If you have any questions regarding the local walk, please contact the school office.

Yours sincerely,

Mrs Amy Archer
Head of Year Four
