

1st March 2024

Dear Parent/ Carer,

Year Three: Design and Technology Healthy Snack Project

In Design and Technology this term, the children are making a healthy snack which will consist of couscous and some additional ingredients.

The children tasted ingredients earlier in the year, and will soon be making their own healthy snack.

Please send you child into school with an empty, labelled (name and class) food container which they can make their couscous in. This needs to be in school **by Tuesday 26th March**.

Yours sincerely,

Mr Chris Dorey
Head of Year Three
